

CORE COMPETENCIES

VISTA Technology Services, Inc. (VISTA^{tsi}) is a Veteran-owned IT consulting firm. For more than 25 years, we have specialized in managing data and databases from an array of different sources. We have extensive experience in IT systems design and development, and data analytics with an emphasis in Real Property Planning and Analysis. Our core competencies include:

- Application Development & Maintenance
- Database Management
- Enterprise Content Management
- Business Intelligence Visualization
- Database Maintenance Services
- Real Property Planning and Analysis
- Data Integration
- Validating and Analyzing Data
- Document Management
- Civilian & DoD BRAC
- CAFM / CMMS / IWMS Software
- CAD / GIS

WHY VISTATSI?

- Veteran owned small business with over 25 years of experience
- 80% of employees have Security Clearances
- Saved the Army \$1.5 billion by right-sizing their facility requirements
- Experts in providing successful outcomes for Base Realignment and Closure (BRAC) since 1988
- Thought leadership in planning & analysis of alternatives, to include civilian property realignment considerations for non-defense agencies
- Employ a powerful Predictive Facility Condition Tool (PFCT), using facilities degradation modeling, for determining the future condition of facilities
- Developed a financial database application that allows clients to reconcile their disbursement of funds with budget obligations for any given year
