VISTA Provides Support to Our Military Kids and SHARE of McLean

VISTA Technology Services Gives Back to the Local Community and Our Military Kids

McLean, VA, January 20, 2015 – VISTA Technology Services, Inc. (VISTA) consistently gives back and supports charitable organizations. This year the company made donations on both a local and national level, while also offering matching contributions to employees. VISTA made a generous donation to Our Military Kids, an organization that supports children who are struggling with the stress of having a parent deployed. VISTA employees generously donated locally to SHARE of McLean, who provides support to those in need in surrounding areas. Numerous box loads of personal hygiene items were collected through December and donated through the employee donation drive. Employees had up to \$100 dollars matched for any non-profit organization of their choice that met the 501C3 status. Rod Buck, VISTA's President & CEO, stated that "in addition to our company donation, we feel that it's important to help encourage VISTA employees in donating to causes of their choosing by offering our matching contribution program. The wide variety of good causes and the generosity shown by employees is a testament to the outstanding character they show all year long."
