VISTA Technology Services Inc. Announces Year-End Results

VISTA Technology Services Inc. Finishes Strong in 2015 with A 75% Revenue Increase from 2014

McLean, VA February 26, 2016 – VISTA Technology Services Inc., (VISTA) today announced earnings results for year-end 2015. Revenue for 2015 increased 75% from 2014. “Our financial results for 2015 represent a strong finish to a great year. The results include our successful acquisition of CenterScope Technologies Inc. (CSTI),” stated Rod Buck, President & CEO. VISTA announced its CSTI acquisition in October 2015. The acquisition broadened VISTA’s capabilities by incorporating CSTI solutions in Engineering & Acquisition, Knowledge Management and International Development. The acquisition also increased VISTA’s customer base which will allow greater opportunities for the company in the Federal Health Market and Intelligence Community. “Our team has worked hard to merge corporate cultures and streamline our business processes. The acquisition strengthened our position in the Federal sector and allows us to pass on savings from the economies of scale we experience.”

About VISTA

VISTA Technology Services is a small business specializing in Program Management, IT & Data Management, Intelligence, and International Development. We are a Small Business with more than 30 years of experience, and have gained subject matter expertise and a proven track-record in a diverse set of services. Being small is our asset because it allows us to be agile and quickly make adjustments for improvements on-the-spot when needed. VISTA supports clients in achieving their missions - cutting costs, eliminating waste and improving performance. To learn more about VISTA Technology Services Inc., please visit www.vistatsi.com.
